ON THE WAY TO WILSON

Wm. Bayard Hale Hurrying to Washington With Detailed Report—Important Developments Expected.

HALE GOES TO WILSON

Key West, Fla., September 2.—William Bayard Hale, attorney for President Wilson, arrived here by boat late yesterday and immediately boarded a train for Washington. He refused to discuss the situation in Mexico beyond expressing an opinion that President Wilson's proposals to General Huerta, made through John Lind, would not be accepted. Mr. Hale said he would be a detailed report before President Wilson and Secretary Bryan.

Washington, September 2.—President Wilson, who returns to Washington tomorrow morning from Florida, N. H., is expected to meet William Bayard Hale, now en route here from a special mission to Mexico for the administration. Mr. Hale's report on conditions in Mexico since the arrival of John Lind with the peace proposals of the American government will be made direct to the president.

Unofficial reports reached Washington today that Mr. Lind, who has been at Vera Cruz since the rejection by the Huerta government of the American proposals, would return to the United States within a few days. No confirmation of the report has been received from the state department. Secretary of State Bryan said last night before leaving for a lecture engagement tonight at New York, that he knew nothing of such an intention by Mr. Lind.

"I had a message from Mr. Lind today," said the secretary, "but it did not concern his movements. As to the Mexican situation, it can be said that matters look encouraging."

Possible Developments. Since the departure of the president from Washington the daily character of the Mexican situation at the state department "has been unchanged." The renewal of the word "encouraging" just a month ago, after returning to the capital was regarded in official circles as significant of possible developments. Mr. Bryan, however, had no explanation for his statement, except a smile, the first he has worn in discussing the tense diplomatic affair with Mexico for many days.

One source of encouragement to Mr. Bryan today was the action of the house appropriations committee in recommending the deficiency bill of \$1,000,000 asked by the secretary to meet the expense of holding American prisoners from Mexico.

Mr. Bryan today discussed protection of American property in Mexico with Senator Swanson, of Virginia, who called to submit a complaint of the sugar company near Vera Cruz which did not wish to have its property guarded by Americans. Several requests for further information as to the purpose of the committee in regard to protection of American property in Mexico have been received here and it is probable that President Wilson and Secretary Bryan will confer on the matter tomorrow.

To Probe Execution Report. Counsel Hans at Monterey was ordered today to furnish information as to the reported execution of a man at Turron, on order of Federal General Buel. The state department is without official knowledge of the Americans, who were said to be serving in the constitutional ranks.

The death of John Shedd at Vera Cruz, a British subject, is reported to have had no connection with political disturbances.

Council Ager reports from Tepic-bampo that Americans do not consider their lives in danger under revolution and are not desirous of leaving. The two Americans on the Hearst steamer were not injured in the recent attack and the fourteen Americans and other foreigners on the La-

Woman Wins Fight
To Prevent Change
In Name of Street

McDaniel Street Is Good Enough for Her, Says Miss Wells, and She Convinces Members of Council.

Found, at last! A woman who does not change her mind or mood. She is Miss Susan Wells, and she lives right here in Atlanta.

Miss Wells made up her mind that the name of McDaniel street should not be changed, and her mind is still made up. She has won her fight, and it is said right here that it was a good fight, the last round of it being before Atlanta's city council, yesterday afternoon.

It was such a good fight, and Miss Wells showed herself to be such a good fighter, the council would almost unanimously with her even though she was beaten before the street committee.

Name Good Enough for Her. Miss Wells is one of the largest property owners on McDaniel street, and even though it has a funny sound, she decided that it was good enough for her.

So, alone with a pitiful knowledge of politics, she charged the enemy. Arrived against her were more than fifty of the most influential ladies who live in the most prominent section of the city. The ladies of the neighborhood were panned out by the "valiant" "Bo" Blackburn, member of Georgia's house of representatives, and a diplomat of the highest order.

The enemy had a good start on Miss Wells. She was getting very tired, and before the street committee before she was beaten before the street committee. The committee agreed to delay action. In two weeks Miss Wells had a petition for her own. She secured signatures of over 1,000 from McDaniel street proper, and against the change. Then came another delay, and the week Miss Wells got on the angles of the game of politics, she was beaten.

It is said by a member of council while the enemies were asleep. Miss Wells was busy getting votes in council, for she realized early in the start that the committee would pass favorably on the change.

Lost Fight In Committee. She lost her fight in committee. She lost by one vote, but she managed to get a minority report.

Yesterday afternoon the big fight was launched. Alderman Jim Maddox led the charge. He was supported by Alderman J. N. Haskins and others.

Alderman Maddox told council that it would be a shame to change McDaniel street. He backed up his statement with history, saying that the street had been named for Governor McDaniel.

"Oxford Terrace might sound good to some folks, but it won't help any," he said. "If the people have a right to name the street, they have a right to name it after a man who has done good for the state."

At the close of the day, the council decided to keep the name of McDaniel street. The fight was a good one, and it was a good win for Miss Wells.

Wage Them To Front. And when it came to a vote, Miss Wells had her own way. There was a call for the minority street committee. There was a call for the majority street committee. There was a call for the majority street committee.

AMERICANS IN MEXICO FLOCK TO VERA CRUZ FOR SAFETY

BATTLESHIP LOUISIANA

Many Americans in Mexico dropped their business, closed their homes and hurried to Vera Cruz after President Wilson had announced his policy of non-interference in Mexican affairs and had urged Americans there to leave the country. Every train entering Vera Cruz brought refugees, some of them indignant at the president's order, but others satisfied to leave the land of revolution. The sight of the United States battleships was good to the eyes of all.

GREAT CENTRAL AGENCY

TO SELL FARM PRODUCTS

Its Establishment Is Recommended by Directors of Farmers' Union.

Salina, Kan., September 2.—Establishment of a great central agency to assist in the marketing of all farm products was recommended in the report of the board of directors of the farmers' union at the opening session of the national convention of that organization here today.

The principal object of the central marketing bureau, the report held, was to draw business and farming interests closer together for their mutual benefit and to the ultimate benefit of the consumer.

In addition to its recommendation the directors report made of important work accomplished by the farmers' union through the aid furnished toward the enactment of the parcel post law, an immigration restriction and other legislation.

The members of the union, the report said, are members of the national board studying the rural credit systems of Europe. The union is preparing for publication of a book on the general subject of co-operation as it affects the farmer.

More liberal agricultural appropriation, the abolishment of dealing in "futures," the establishment of a bureau of marketing in the agricultural department, credit extension, stricter immigration laws and a protest against the proposed central bank currency plan were among the recommendations by congress contained in the report of the legislative committee.

Five hundred delegates representing thirty-one states are present. The officers include: President, C. S. Barrett, of Georgia; vice-president, A. C. Davis, of Arkansas; and legislative committee, L. N. Rhodes, of Tennessee, and W. T. Wright, of North Carolina.

U. S. RECEIPTS MORE AND EXPENSES LESS

Washington, September 2.—Increased government receipts and decreased expenditures during August as compared with the same month of the growth of the deficit of the federal treasury for the current fiscal year. Receipts for the month exceeded expenditures, exclusive of Panama canal and public debt transactions by \$121,000, bringing the deficit for the fiscal year to \$1,211,000, as compared with \$1,339,000 a year ago.

Customs, despite the approaching enactment of the tariff bill, amounted to \$10,315,000, an increase of \$730,000 over the same month last year. Expenditures for the army and navy showed decreases of about \$1,000,000 each, while pensions, due to the new pension law, reached \$11,285,000, an increase of \$2,268,000.

The net balance in the general fund today was \$12,511,000, including \$101,000,000 as a free working balance in the treasury vaults and the national bank.

About \$1,000,000 of the proposed \$50,000,000 of government deposits to assist in moving the crops has been deposited, largely in Baltimore and Washington. The money represents the deposits, it is expected, will be distributed this week.

The total cash assets of the treasury amount to \$2,030,678,000. The \$1,000,000,000 in national bank notes outstanding.

KNOXVILLE EXPOSITION

BIG SUCCESS, SAYS MEEK

"It is one of the greatest and most interesting exhibitions the south has ever had," declared J. L. Meek, assistant general passenger agent of the Southern railway, yesterday upon his return to Atlanta from Knoxville, Tenn., where he attended the opening Monday of the National Conservation exposition.

The Southern railway has an immense exhibit in the large land building, which attracted particular attention. Mr. Meek said: "In charge of trained and informed representatives, and shows the results of the south's products including exhibits of farms, forests, orchards and many industries. Other railroads also have exhibits. There are many county and state exhibits. An immense crowd present on the opening day."

MERCER NOT APPLYING FOR WASHINGTON JOB

John E. Mercer, of Dawson, who has been in Atlanta for several days, said yesterday in speaking of the report that his brother, Hon. Jesse E. Mercer, state game warden, would go to Washington to accept an official position: "This is a mistake. My brother has no idea of accepting any position in Washington, none has been tendered him, nor is he an applicant for any there. He is the first game warden of Georgia and he is just finishing his first term. His record speaks for itself. He is an applicant for reappointment and his friends will present his name to Governor Sutton according to law. It is true that my brother has been 'on the other side' of the political fence here in Georgia, but those old notions have passed away now. Politically, I differed with my brother in the old political lineup and he, as now supporting him. I hope Governor Sutton will be able to see the matter in this light."

OVER 1,000 GAIN IN CITY SCHOOLS

Superintendent Slaton Again
Urges Parents of Children
to Secure Entrance Tickets
at Once.

Stating that an increase of from 1,000 to 1,500 in public school attendance was looked for this year, Superintendent William M. Slaton yesterday earnestly requested that the parents of the children desiring to go to school this term, secure their entrance tickets at once, in order to avoid the congested condition of last year, when, for the last two or three days before the opening of the schools, hundreds of people stood in long lines waiting for a chance to get to the window and procure the necessary blanks.

The total attendance in the public schools of Atlanta last year was close to 24,000," said Superintendent Slaton, "and with the expected increase this year nearly every one of our school buildings will be taxed to its utmost capacity to accommodate the children.

Runs on at High School.
The office at the High School is besieged by parents, teachers and prospective pupils and the force in the superintendent's office is having the busiest time of its career preparing for the opening of school Monday, September 8.

The regular teachers' normal school opened in the High School building Tuesday morning, and the force in the superintendent's office is having the busiest time of its career preparing for the opening of school Monday, September 8.

The special instructors engaged for the year to take charge of the drawing, physical, exercise and music classes are all delivered addresses.

The sessions of today and Thursday will be given over to an open meeting at which some of the experienced teachers will make short talks outlining the best policy to be pursued in all the grade school branches of study.

All of the public school teachers, including superintendents, are taking part in these meetings, with the exception of the High School teachers, who are meeting in the High School building.

High school building as a separate body, and the Boys' High school teachers who are holding a separate session in the Boys' High school building.

Will Better Commemorate.
It was announced Tuesday that the old Neal Academy on Moreland avenue had been formally leased, and will be opened as a graded school within the next 10 days.

The securing of this building for school purposes will greatly relieve the congested condition of the school, and it is expected that the school will be able to accommodate all children applying for admission.

It is requested that all children who failed to pass their grades last year or who have never before attended any public school in Atlanta, appear at their respective school buildings Friday morning at 8:30 o'clock, at which time entrance examinations will be held.

CIRCUSES ARE BARRED FROM ATLANTA PARKS
The application for a permit for Barnum & Bailey's circus, to show at Piedmont park, on October 11, was not taken up at the meeting of the park board yesterday afternoon.

Mr. J. B. Bailey, representing the show, realizing that the sentiment of the people of Atlanta was against allowing the use of park grounds for any other purpose than provided for in the creation of the park department, Commissioner Reynolds, to make certain that the board at no time hereafter will entertain a similar project, offered a resolution which forbade the use of the park for the purpose of the circus or a like enterprise.

ALDERMAN C. H. KELLY TAKES OATH OF OFFICE
Alderman C. H. Kelly, elected by council to fill the vacancy in the aldermanic board, caused by the resignation of Alderman John E. McClelland of the second ward, took the oath of office yesterday afternoon and participated in the first meeting of the aldermanic board.

The second ward delegation put in the fifth ward caused by the death of Dr. G. Y. Pearce, and asked council to take cognizance of the fact that the vacancy will be filled at the next meeting.

HICCUGHS RETURN TO WAYCROSS RABBIT

NO QUARANTINE FOR PRESENT IN GEORGIA

Boll Weevil Not Yet Here, but
Cotton Seed From Alabama
Infected District Barred.

At a meeting of the state board of entomology held in the office of the state entomologist, Lee W. Washburn yesterday afternoon it was decided not to draw any quarantine lines in Georgia in regard to the boll weevil, in view of the fact that the weevil has not yet reached the state and will probably not get to it before next year.

A strict quarantine will be maintained against the infected portions of Alabama, however, and no cotton seed from that state will be allowed to be shipped into Georgia without the certificate of the entomologist of Alabama, and no cotton seed from a district not infected by the weevil.

Just as soon as the weevil makes its appearance in Georgia quarantine lines will be drawn in this state and a strenuous fight will be waged to prevent the spread of the pest.

The next meeting of the board will be held in October. It is composed of the following ex-officio members: Commissioner of Agriculture, President, William H. of the Georgia Agricultural society, and President of the Georgia Horticultural society.

SEARCH RENEWED FOR ALLEGED ASSAULTER
Waycross, Ga., September 2.—(Special.)—Headed by the sheriff of Clinch county, a posse of citizens today searching the county about Quitman, a small mill and turpentine town, west of Waycross, for a half-witted foreigner, whose name is unknown.

The man is charged with attempting a criminal assault upon a 10-year-old girl, a member of a well-known family. According to the reports received here tonight, he was caught by our negro posse in a bad condition, was allowed to leave. Friends of the family of which the girl was a member, retained this and renewed the search.

NASH WELL SATISFIED WITH TEAM'S RECORD

Georgia Boys Did Fine in Preliminaries, but Luck Was
Against Them in Finals.

With the exception of four men who were left behind in the international competition, the Georgia team returned to Atlanta from Camp Perry yesterday morning.

It looks as though the team's footstepers throughout the three weeks of the shoot while several members of the team made splendid showings in the preliminary matches, sufficient to win, in the aggregate, \$114 in medals and in money, they were shown as it the first team in Georgia dropped from the nineteenth position among the states, where they stood last year, to thirty-third.

Georgia Boys Handicapped.
The Georgia boys were greatly handicapped in the crucial tests by what is known among rifle men as a fall wind, that is, a current of air which changes its direction almost momentarily, and which is very difficult to gauge with any accuracy.

This kind of wind is most common in the hill country of Georgia. The Georgia boys who were especially distinguished themselves were Captain W. T. Spratt and Sergeant Wilford R. Brown, Jr., and Sergeant W. R. Hale, of Winder. Captain Spratt tied with Captain W. Dabney, United States infantry, in the 400-yard ten-shot match for members of the U. S. A. He also ranked in the match for the last each shot at 100 yards, running full scores and six bulls over.

So good was the showing made by Sergeant Wilford Brown, Jr., that he was selected as one of the twenty men to represent the militia team of all states in their competition with the regulars.

Four Left Behind.
The Georgia men who were left at Camp Perry to participate in the international shooting in individual events were Wilford R. Brown, Jr., and Sergeant W. R. Hale, of Winder. Captain Spratt tied with Captain W. Dabney, United States infantry, in the 400-yard ten-shot match for members of the U. S. A. He also ranked in the match for the last each shot at 100 yards, running full scores and six bulls over.

So good was the showing made by Sergeant Wilford Brown, Jr., that he was selected as one of the twenty men to represent the militia team of all states in their competition with the regulars.

Walter's Barbecue.
"We treated the other participants in the shoot to an old-fashioned barbecue, gotten up in the regulation style by our negro posse in a big, quite a novelty to most of our guests."

Those who returned with General Nash were Captain C. L. Harwood, sergeant, Private E. C. Hale, Corporal D. L. C. Holleran, Lieutenant J. W. Armstrong, Major W. B. Wheeler, Sergeant C. H. Anderson, Lieutenant J. W. Armstrong, Jr., and Corporal J. A. Williams, constabulary, and Lieutenant J. C. Adolphus, Sergeant A. S. Brown and Lieutenant J. C. Dickinson, alternates, and Walter E. Coney, range officer.

WILL ASK INDICTMENT OF MRS. GOODIE SOON

Charge of Double Murder Will
Come Up Soon—Trial to
Follow Early

SAVANNAH, Ga., September 2.—(Special.)—Mrs. Edna Perkins Goodie will be asked to be indicted by the Jenkins county grand jury next Monday on the charge of double murder in the shooting of her divorced husband, Judge Walter S. Goodie, and his wife of a few months in the Mill postoffice, August 22. Her trial will follow the indictment by a few days.

While the attorneys for Mrs. Goodie would make no announcement, it was stated more for a continuance of the trial would be made if the state announced ready when the case was called next week.

On the surface all is calm and placid, but it is known that the attorneys are working night and day in Mrs. Goodie's behalf, and expect a victory in the first jury verdict.

From her neatly appointed cell in the Jenkins county jail Mrs. Goodie is directing the work of her lawyers in a quiet, deliberate way. A few days ago she sent them to Atlanta to look over the superior court records for an old divorce suit, said to have been filed by her late husband, but later withdrawn. This bit of evidence, if secured, will be used by her lawyers to show that her married life with Judge Goodie was not happy, and that later he annoyed, until driven to desperation, in a moment of emotional insanity or paranoia, she slew him and the new wife, with whom he seemed to be happy.

Atlanta will in all probability, play a prominent part in the case.

ON HIS 105TH BIRTHDAY HE ATTENDS BARBECUE
Birmingham, Ala., September 2.—More than 2,000 people attended the barbecue yesterday at Sterrett, Shelby county, Alabama, in honor of Mr. Goodwin, who is now 105 years old. Mr. Goodwin has 318 direct descendants and counting relatives by marriage more than 400 relatives were present.

Mr. Goodwin is hale and hearty, shook hands with hundreds today, kissed sons and partook abundantly of excellent food. A special train carried the relatives from Birmingham.

WITH \$1800 PACKAGE THIEF MAKES ESCAPE
Atlantic City, September 2.—Ticket sellers in the heading station today were busy handling thousands of bound crowds that they did not see a man creep behind the ticket rack and make off with \$1,800 piled up ready to be taken to the bank.

When they discovered the loss the thief had melted into the crowd and the searching of a train that had left Atlantic City a few minutes after the theft occurred was futile.

WHITFIELD'S CLAIMS DISCREDITED AT ROME

Story in THE ATLANTA CONSTITUTION
telling of the claims of Walter D.
Whitfield, a life-term convict, that he
had discovered new evidence that
would clear him from the charge of
murder, created much interest here.

Whitfield's claims, however, are not given much credence, although since his conviction he has stoutly asserted his innocence.

The crime for which Whitfield was sentenced to life imprisonment was the killing of Thomas Parker, a guard at the city convict camp in April of 1911. At his trial he was not allowed to make a statement, and no evidence was introduced in his behalf.

other Setback to Market
Bonds Were Irregular.

New York, September 2.—It was a formidable list of depressing influences with which the stock market had to contend today. When trading was resumed after the triple holiday there was an outpouring of New Haven, following the news of today's wreck, which depressed the stock nearly 8 points to \$61.4 — new low.
